transcribed from U.S. microfilm M234, RG75, Roll 951, frames 0208-0249,

with a Statistical Appendix, by Charles Garrad

(Format somewhat re-arranged to assist transcription. Surnames capitalized for clarity. Original spellings maintained. The significance of "Indian country" as opposed to "Indian ter(r)itory" is not known. In the following, the page numbered 0211 is placed in its proper place as the last page, following 0249. It was microfilmed and numbered out of sequence, presumably because its poor, torn and fragmentary condition, required special care.)
